**Subject:** Irvine Campus Report

In September 2009, a campus task force comprised of faculty, administrators, and auxiliary representatives was formed to conduct an analysis and make recommendations regarding key issues related to the Irvine Campus. The committee was chaired by Bill Barrett, Associate Vice President for Administration, and Keith Boyum, Professor of Political Science, Emeritus.

A copy of the final committee report was recently presented to the President's Administrative Board and also will be presented to the Academic Senate and Planning Resource and Budget Committee in the near future. In the interim, a copy of the final report is posted on the Vice President for Administration and Finance and Vice President for Academic Affairs websites:
